

Sunêlia is betting on **Sunny** holidays

Sunêlia has developed the **SUNÊLIA SUN OFFER** for any stay of a minimum duration of 7 nights in an accommodation, counted from the day of arrival to the day before departure, taken at Sunêlia sites (excluding partner sites) between 1st April and 31st October.

- If there are less than 3 days of sunshine* during the stay, the customer receives a cheque for **100 €**
- If no days of sunshine* are recorded during the stay, the customer receives a cheque for **200 €**

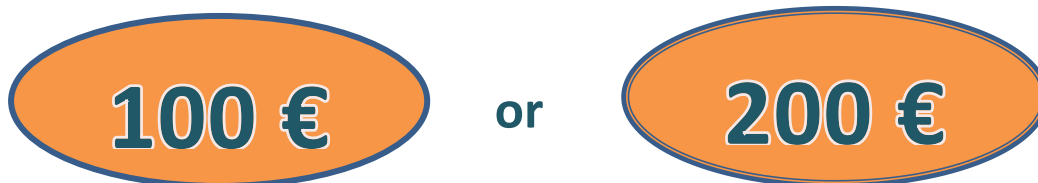

It's free!

The **SUNÊLIA SUN OFFER** is free for all bookings made at least 3 days before the date of arrival:

- For stays of 7 or more nights,
- For reservation of accommodation,
- For reservation of camping pitches with SUNÊLIA PRIVILEGE CARD only,
- From April to October (depending on the opening date of the Sunêlia site),

Nothing to sign!

The **SUNÊLIA SUN OFFER** has no formalities: if the stay meets the conditions of the offer, the customer will automatically have sent to their home as applicable:

Sunêlia: all this and the **Sunshine** too!

* The validity of the offer is subject to less than 2 hours of direct sunlight per day between 10 a.m. and 6 p.m. calculated by the METNEXT Sun index®, which indicates the hours of sunshine for each Sunêlia site each day. Sunshine time is defined as the time during which solar radiation is of sufficient strength ($\geq 120 \text{ W / m}^2$) to produce distinct shadows (source: Météo France). The index is calculated by METNEXT (a subsidiary of Météo France) using data from the Météosat 2 satellite.
